

ATTENTION

COVID-19 Precautions

These precautions have been put in place to ensure we keep our lifeguards and surf lifesavers fit for duty and ready to assist you.

Please adhere to these “Social Distancing” guidelines:

- Avoid contact with lifeguards/lifesavers unless in an emergency.
- When approaching lifeguards/lifesavers, maintain a distance of at least 1.5 metres and signal for their attention.
- If you require assistance, and you may have been exposed to COVID-19, please make lifeguards/lifesavers aware.
- Do not enter lifeguard/lifesaving facilities, unless in an emergency.
- Refrain from touching equipment – rescue boards, signage, vehicles etc. We also ask you ensure your children are kept away from these also.

We appreciate your support and understanding during these times.
