Club/ Branch Communication

Subject	**Department of Home Affairs' Not-for-Profit Cyber Uplift Community of Practice**
Information	The Department of Home Affairs' **Not-for-Profit Cyber Uplift Community of Practice** provides free access to practical guidance, resources and expert advice to help not-for-profit organisations strengthen their cyber security. Membership is open to organisations of all sizes, including volunteers, staff, committee members and executives. Members can access: • Webinars and information sessions. • Cyber alerts and updates tailored to not-for-profit organisations. • Expert advice, tools and guidance to reduce cyber risks. • Incident response briefings and lessons from real cyber incidents. • Opportunities to connect with government and other organisations. This opportunity may be useful for club and branch committee members, administrators, treasurers and anyone responsible for online accounts, member information or digital systems. Please share this information with those in your club or branch who would benefit from additional cyber security support.
