

Club/ Branch Communication

Queensland

Subject	Free AI training – practical support for clubs and branches
Information	Free online training is available to help people in the not-for-profit sector build confidence in using AI safely, responsibly and effectively. Delivered by Plan International Australia, with support from the Australian Council for International Development (ACFID), the four-session program will explore: • Understanding AI: how it works and what it can do. • Using AI responsibly: understanding privacy risks and environmental impacts. • Practical skills: using AI tools and writing effective prompts. • Keeping informed: staying up to date as technology evolves. The training may be useful for committee members, volunteers and staff involved in administration, communications and governance. Choose from two program dates: • 21 September to 19 October 2026 • 26 October to 16 November 2026 Register for the live online training Prefer to learn at your own pace? A self-paced course is also available through ACFID. Please share this opportunity with others in your club or branch who would benefit from building their understanding of AI.
