

Name	Danielle Blake
Subject	Non Compliance – Members placed on Leave/Restricted
Information	<p>As per the EDM sent in July relating to BlueCards – Clubs are not allowed to update any SurfGuard members details relating to BlueCards,</p> <p>When an individual who is required to hold a card has a BlueCard that has expired or they don't hold a card, they are placed on a "leave restricted" status in SurfGuard by SLSQ. This status is an important measure to prevent individuals from engaging in child-related activities until their BlueCard is confirmed as valid and current.</p> <p>Do Not Remove “Leave Restricted” Status:</p> <p>Clubs must not remove the leave restricted status in SurfGuard under any circumstances.</p> <p>Removing this status prematurely can expose the administrator, the Club and SLSQ to legal risks and compromise the safety of our programs.</p> <p>If an individual is placed on leave-restricted status, it is imperative that you contact the BlueCards team at SLSQ before any changes are made to the member's profile.</p> <p>If a Club or individual changes the status of an individual placed on leave restricted, you are breaching SLSQ's safety and well-being of children in our care and compliance with the legal framework.</p> <p>Please email bluecards@lifesaving.com.au for any inquiries or to resolve issues related to BlueCard status. The team will provide guidance and support to ensure compliance and address any concerns.</p> <p>LINK TO COMMUNICATIONS:</p>
