| Subject | Protecting Our People and Data: Cyber Security in Focus |
| Information | <p>Cyber security is everyone's responsibility. As we continue to rely on digital systems to manage information, support operations, and deliver services, it's critical we all remain aware of the risks and take steps to stay protected.</p> <p>IDCARE is Australia and New Zealand's national identity and cyber support service. It is a not-for-profit organisation that helps individuals and organisations respond to and recover from identity theft, scams, data breaches, and cyber incidents.</p> <p>Own a small business with fewer than 20 staff? You can access <i>free</i>, expert cyber support through the Federal Government-funded Small Business Cyber Resilience Service delivered by IDCARE.</p> <ul style="list-style-type: none">• One-on-one sessions with cybersecurity experts• Check your current cyber safety maturity• Access free tech and wellbeing support when needed• No sales pitch—just real help <p>It's designed to support small businesses facing increasing cyber threats. If you're feeling the pressure, this is your chance to get ahead.</p> |
